Education

Institute of Engineering and Technology, DAVV   *Indore, India*
Bachelor's of Engineering (Mechanical) | CGPA : 7.2   *2020-2024*

Unique Academy   *Kukshi, India*
Senior Secondary (XII) | Percentage : 82   *2018-2019*

Experience

ReactJs Intern   *Oct-Dec 2023*

Aliema Infotech

- During my internship, I had the exciting opportunity to lead the development of a captivating React.js landing page. Leveraging my proficiency in React.js and enhancing the visual appeal using Tailwind CSS. I implemented responsive design principles, ensuring a seamless experience across various devices.

Frontend Web Developer Intern   *Jan-Mar 2023*

Tronix TechIt Pvt. Ltd.

- Developed user interfaces for web applications using HTML, CSS, and JavaScript technologies, ensuring a responsive and accessible design. Implemented React and Redux libraries to manage state and enhance user interface functionality, providing a dynamic user experience for the web application.

Projects

Google Form Clone 🔗

- Developed a Google Form clone using React for the frontend and styled it with Bootstrap.
- Created the backend with Node.js and Express.
- Utilized MySQL for the database to store form data.

Food Delivery App 🔗

- Created a food cart app for ordering food items.
- Used Firebase API for real-time data updates and seamless backend/frontend synchronization.

Quiz App 🔗

- Built a quiz app using React and Context API for smooth data handling.
- Provided an intuitive interface for engaging with quizzes.
